## Long Term Care Corner

*Long Term Care Term:* The word "ombudsman" originally came from Scandinavia.

In nursing homes, an ombudsman is established by law as the legal advocate for the resident.

Ombudsmen visit the facility, listen to residents, and decide what course of action to take if there is a problem. They provide an on-going presence in long-term care facilities, monitoring care and conditions. Their poster can be found in the LTC activity room as well as down the LTC back hallway bulletin board. Contact Kathy Inman, LTC Manager if you have any questions.

**No BLS/CPR on July 15!**

**It will resume monthly on August 19.**

**Contact Kat Richards if you have questions.**

## *Employee of the Month*

May 2010

Natalie Allen, Food Services

Natalie was nominated because, "even when she is busy, she has a warm, friendly smile and a hello every time". Thank you for your hard work and great smile, Natalie!

**Thank You to SCHEA from Celeste & family**  
 “Wow! Thank you so much for remembering our family with your kind & thoughtful gifts! The prints are favorites – can hardly wait to see them on her (Zoe’s) wall! The cake was delicious and the candy game – so fun! Hugs, The Tydingco’s  
 p.s. the Thermometer is such an appropriate hospital gift...”
